2011
NEW
PRODUCT
of the Year

Meet Wally,
your new butler.

What is it?

The WallyFlex is an innovative auxiliary hose for central vacuum systems.

Clean efficiently with 1 hand, in 1 second!

It is easy to use, practical and very nice-looking.

The WallyFlex is always there when you need it!

Perfect to quickly clean the dryer lint filter.

The WallyFlex works great to easily remove hair and make-up powder from bathroom countertops.

No more dirt in the closet!

Ideal to clean dry messes in the kitchen.

Installation

So easy to install onto any standard vacuum inlet!

1. Fix the back plate on the standard inlet mounting plate.
2. Fix the WallyFlex console onto the back plate.
